Dear Players and Parents,

Thank you for playing and representing Villanova College in the AIC Tennis Season. We are excited that you were able to play for the school in Term 3 of 2019.

YOU ARE INVITED ... TO KEEP PLAYING AND DEVELOPING YOUR TENNIS!

We invite you to become members of our **coaching program** - where we deliver group squads and private lessons for all levels of play.

Why continue playing tennis:

To further develop your skills as a tennis player, it is important to continue some level of tennis throughout the year. There are many ways to do this; in a competitive environment, in a coaching program or just out there playing with friends.

We encourage you to continue to play tennis and continue to develop. Please see some options below that may allow you to access the tennis program at the Morningside Tennis Courts.
