SCHOOL HOLIDAYS 2020

Science on the GO!

Griffith University Science Outreach Program

Queensland
Government

griffith.edu.au/science-on-the-go/stem-pathways/academic-bootcamps

YR 11 & 12 ACADEMIC BOOTCAMPS - REGISTER YOUR INTEREST NOW!

The courses are designed to assist students to improve their confidence and understanding in a subject area and achieve their full academic potential.

SCHOOL HOLIDAYS – GET AHEAD!

Held in the school holidays and targeted to senior students, these Academic Bootcamps will cover key topics in the Senior Curriculum. It will allow students to review and consolidate their learning to give them an extra edge in upcoming exams and assessments.

BIOLOGY - CHEMISTRY - PHYSICS - MATHS METHODS

Subjects offered will be Biology, Chemistry, Physics and Maths Methods. All will be run in a half-day format, allowing students to register for up to two subjects. Subject material has been designed and will be delivered by committed and enthusiastic lead teachers, who are currently teaching these topics in schools.

GOLD COAST CAMPUS

Held on Griffith's dynamic Gold Coast campus, students can have a taste of university life. The bootcamps will be held in University lecture theatres and tutorial rooms by teachers and tutors who are committed and enthusiastic about helping students achieve academic success.

LOGAN or NATHAN CAMPUS?

If you are interested in attending at another campus please indicate that preference when you register your interest.
