*Note: 1956 was the year that *"The Associated Schools"* (TAS) commenced. Villanova College was a foundation member and participated in the competition sanctioned by this association. With the advent of this competition, it was recognised that Villanova College, for the first time, played, *"A grade cricket"*.¹ For this reason it has been decided that those that played in the TAS competition will be recognised as having played for the First XI.

This does not devalue the contributions to Villanova Cricket made by those that played prior to 1956 in the Metropolitan Secondary Schools' Sports Association competition between 1950 to 1955. These players included P Liddy, P Loth, B Kingston, R Bergin and K Kunst and others who have not, as yet, due to insufficient records, been able to be identified.
