

# AIC RUGBY – 2020

Any student wishing to play rugby for Villanova in Term 3 will be placed into a team. Due to a quick turnover from basketball and tennis to rugby and football, we will need to have extra sessions and trials during the basketball and tennis season to get the students ready for contact and scrummaging. Please check the dates listed for training and trials and keep these dates free in your calendar.

We will endeavour to plan all sessions to avoid clashes but in some cases, this may not be possible. All students will get their opportunities to push for selection during training and trial games and due to the nature of the programming of the rugby season, there is far greater player movement than in other team sports.

## AIC Rugby – 2020 Season Schedule

All schools will be broken into two pools of four schools. The first three weeks will be played as a round robin with each team in the pool. After the first three rounds all schools within same the pool will be ranked. During the last round, which will be a finals round (12 September), schools will play the same ranked school in the opposite pool.

Each school will be responsible for hosting a certain age group during the finals round. A list of the host Colleges is found below. Year 5&6 teams will compete on Saturday mornings as usual, however, they will not play finals on Saturday 12 September.
