

VILLANOVA COLLEGE

6th August 2021

Dear Parents and Caregivers

I hope this communication finds all our families well and coping with the current lock down conditions. I can appreciate how challenging these times of Learning@Home can be for families juggling work demands with schoolwork and normal house responsibilities.

It appears that we will not know if the lock down will be lifted at 4.00pm on Sunday 8th August until late on that same day. Once a decision has been communicated from the Chief Health Officer and Queensland Government, I will write to all families to outline the protocols we will put in place in the school setting.

It would appear that masks will be a part of life when out in public and possibly in schools. Can I ask parents to please ensure that there are adequate supplies of masks at home for your son when he returns to school? The College has bought masks and will have supplies for students who may not have one on any particular day. These masks will be available from the respective Student Services Office.

Thank you for your ongoing support and I hope we will soon be back together at the College. Until that time please stay safe.

Yours sincerely

Mr Mark Stower
Principal
