

AIC STATEMENT | TERM 3 SPORT 2021

August 11, 2021

The College Principals of the Associated Independent Colleges (AIC) remain hopeful that the Term 3 competition will recommence shortly. The member Colleges are still committed to offering sporting opportunities in Term 3 if permitted by COVID-19 restrictions.

As always, the safety and welfare of our students, families, staff, volunteers, and the broader community will have utmost priority in any planning for returning to AIC competitions.

The decision on the program and draws for the sports offerings for the remainder of Term 3 will be made when the AIC is given clear advice and direction from the Queensland Government and medical authorities.

Whilst we understand that many of our young people and families are hoping for a quick decision, the Management Committee is appreciative of their support and will release further information to the communities of our member Colleges as soon as possible. The Association is working on a variety of scenarios so that the resumption of games can occur as soon as possible.

In the spirit of Fellowship

AIC MANAGEMENT COMMITTEE
