

VILLANOVA COLLEGE MUSIC

Our Mission

As members of the Music Program at Villanova College, we strive to create a space that values community, good relationships, and connection through all our interactions.

Villanova College Music **builds community** through our welcoming environment.

We share collective experiences grounded in accountability and brotherhood.

Positive relationships in the Villanova College music community are founded on the basis of respect and interconnectivity.

We foster these values through demonstrating commitment, effort, and encouraging a positive mindset.

Connection in our music program is built through the offering of shared experiences, with a commitment to inclusivity, mentorship, and common goals

Student and Staff Leaders, 14th October, 2025.
